Dr. Julie Malmberg

Sr. Learning and Development Officer, CPAESS
(On Detail to USGS Water Mission Area)

Building a Comprehensive Workforce Development and Training Program

What does it take to develop a centralized training program for a staff of 4,000 people with different backgrounds, education levels, job categories, geographic locations, and expectations for training?

DATE: Wednesday, October 18, 2023

TIME: 11:00 AM – 12:00 PM MDT (VIRTUAL)

[WATCH THE LIVE WEBCAST](#)

Dr. Julie Malmberg started working with CPAESS in November 2021 with a charge of developing a new centralized workforce development and training function for USGS's Water Resources Mission Area staff.

In this presentation, Julie will share the reasons why USGS Water wanted to develop this training function as well as the process to create the function. She will include lessons learned, challenges, successes, and plans for the future.
