

*From time to time really exciting things happen at CPAESS and we will be sending you news splashes to keep you up to date!*

Dear CPAESS Staff,

I wanted to make you aware of two important sources of information concerning your publications. First of all, NCAR is holding a panel discussion on *Overcoming Obstacles in Publishing: Panel Discussion Part 2 - Perspectives from Editors and Reviewers* this Thursday, February 13<sup>th</sup> from 9:30-11:00am (MST).

The speakers are three senior scientists at NCAR, and each panelist will provide insights and tips on navigating the publication process from an editor/reviewer perspective, followed by a group discussion. They have set up [a webcast and a chatroom](#) that will be available.

Additionally, CPAESS has a resource that gives you detailed language to use in your publications, presentations, and posters. If you [go here](#) you will find yourself a spreadsheet with this language. Please find your program or partnership in Column A, then find the corresponding language you need to use in Column B for all of your publications, posters, presentations, etc.

This information can always be found under our "[For Staff](#)" page by following the "Information for Off-Campus CPAESS staff," "Communications and Publications," and then "Citing language information."

It is very important that you always use this language whenever you publish an article or present your funded research. I appreciate your help in always doing this.

Please let Dawn Mullally, CPAESS Communications Manager, know if you have any questions. She can be reached at [mullally@ucar.edu](mailto:mullally@ucar.edu).

Thanks very much!

Hanne
