

From time to time really exciting things happen at CPAESS and we will be sending you news splashes to keep you up to date!

Hello Everyone,

UCAR Office of Communications just announced that they will be hosting a Workshop on Elevator Speeches tomorrow. As you know this is a very important skill for scientists to have developed.

Workshop on Elevator Speeches

Wed. Nov. 10th, 9:30 - 10:30 am MT (tomorrow!)

[Register in advance for this meeting](#) to receive login information for Zoom.

Have you ever been unsure about what to say when a total stranger asks, "what is it you do?" How about at a poster session or at a job interview? Would you like to be sure your answer is engaging and draws them in, whether they are a scientist or non-scientist? Join Ali Branscombe and David Hosansky from UCAR Communications as they give us tips on how to share our science in a meaningful and engaging way, then guide us through practicing! These time-tested tips will help you talk to fellow scientists, funders, and policymakers.

Thanks so much,

A handwritten signature in black ink, appearing to read "Hanna".
