

From time to time really exciting things happen at CPAESS and we will be sending you news splashes to keep you up to date!

Hello CPAESS Staff,

I hope you all enjoyed your time off over Thanksgiving. I know you are all working very hard and while relief is in sight with vaccines poised for approval, the pandemic is none-the-less taking a mental toll on many of us. Please do all you can to continue taking care of yourselves.

As many of you are aware AGU officially begins today and runs virtually through December 17th. We'd love to make sure any of your posters and presentations are listed on our website to better enable others to hear your talks and speak with you about your research. If you haven't done so yet please go to our [CPAESS Presentations](#) document and add your presentation information. We will use this information to create a webpage highlighting your activities at AGU for UCAR/NCAR leadership, sponsors, and other UCAR/NCAR employees.

I look forward to dropping in virtually to as many of these presentations as I can. Thank you so much for your help and remember should you need me I am only [an email](#) away.

Glenn
