

From time to time really exciting things happen at UCAR and we will be sending you news splashes to keep you up to date!

Hello All,

I wanted to let you know about an important poll taking place from the UCAR Office of Operations. They have created a short telework survey [now available in Sundog](#). You will need to login with your UCAR CIT login and password (this is the same as your Workday login info). This poll is designed to collect data on your telework preferences and is part of the Reframe, Envision, and Modernize (REM) initiative to plan out what our return to the workplace will look like. To get a better understanding of this initiative, feel free to participate in one of the [REM listening sessions](#).

UCAR is collecting inputs from our staff with regard to their potential hybrid workplace preferences after the pandemic. The inputs will be very important for UCAR to make a decision with regard to post-pandemic work arrangements. Also, because you are assigned to work at a location outside Boulder, in support of our sponsors, the final work arrangements post-pandemic will require an agreement between UCAR and our sponsor. This is not just a UCAR decision.

The deadline to complete the poll is this April 23rd. Please [let me know](#) if you have any questions.

Thanks very much,

A handwritten signature in black ink, appearing to read "G. Anne".
