Philip Hartmeyer

Marine Archaeologist, NOAA Ocean Exploration

The Marine Archaeology Portfolio of NOAA Ocean Exploration

DATE: Wed, April 20, 2022

TIME: 11:00 AM – 12:00 PM MDT (VIRTUAL)

[WATCH THE LIVE WEBCAST](#)

This presentation provides an introduction to NOAA Ocean Exploration and their mission to explore the ocean for national benefit.

NOAA Ocean Exploration is filling gaps in the understanding of US deep waters and the seafloor and delivering the ocean information needed to strengthen the economy, health, and security of the United States. Phil will introduce the different platforms, partnerships, and grant opportunities utilized to achieve this mission through an underwater cultural heritage lens. As ocean exploration continues, more human stories are brought to the surface through paleolandscape studies, archaeological discoveries, and other remnants of our connection with the ocean.
