And now, the weather... from 1914

New 3rd 2010, 11:45 by T.B.

YOU'VE traversed the heavens, exploring distant galaxies. You've scoured the surface of the moon. Now check out the weather during the first world war. Go on, it's for the good of the planet!

Full? These are all [Zooniverse](#) projects that put volunteers to work online, classifying

About Babbage

Galaxy Analysis

Welcome to Galaxy Zoo. This is a new way of doing science. If you're here you've probably already seen the [Tutorial](#), so you're free to go and analyze galaxies yourself. There's no need to be a professional astronomer for too long. You can analyze galaxies one by one. Make your best guess for each case.

Witamy w Galaktycznym Zoo - miejscu, gdzie możesz pomóc astronomom w odkrywaniu Wszechświata

Projekt Galaxy Zoo: Hubble wykorzystuje wspierane zdjęcia setek tysięcy galaktyk pochodzące z archiwum Kosmicznego Teleskopu Hubble'a w NASA. Aby zrozumieć, w jaki sposób powstały te galaktyki (oraz nasza własna), potrzebujemy Twojej pomocy w klasyfikacji ich według kształtów — ponieważ ludzki umysł lepiej sobie radzi z tym zadaniem niż nawet najbardziej zaawansowany komputer. Jeśli będziesz wystarczająco szybki, możesz nawet być pierwszą osobą na świecie, która zobaczy zdjęcia klasyfikowanych galaktyk.

Do tej pory w projekcie Galaktyczne Zoo wzięło udział ponad 250,000 osób. Dzięki temu powstała ogromna baza danych, a odkryciami podziwianymi przez niezłych użytkowników zajęły się teleskopy na Ziemi i w kosmosie. Złoty w projekcie Galaxy Zoo: Hubble są bardzo
