

HF Radar Technical Steering Team Meeting
19-20 July 2011
Boulder, CO

Monday, July 18th

1800 - 2000 Reception at the Mesa Lab (shuttle leaves the Millennium at 17:40)

Tuesday, July 19th

0830 - 0845 Introduction (Harlan)

0845 - 1145 Discussion of the Status of the 2010 Meeting Topics
(with a quick break around 1015)

*Each Tiger Team leader will be asked to give a short synopsis of the activity.

Topics:

1. Freshwater HF radar
2. Wave measurements
3. Stand-alone budget item (this is somewhat moot, now and the FY12 discussions will pick this up.)

1145 - 1300 Lunch (thru the cafeteria)

1300 - 1700 FY2012 and beyond IOOS HF radar budget item
(with a quick break around 1500)

Discussion and recommendations:

This will be a wide-ranging session that should address the future of HFR network O&M and HFR network expansion vis a vis the President's proposed budget of \$5M for FY2012. All HFR task prioritization can be discussed here including software development, data management, archiving and others.

1900 Dinner at Zolo

Wednesday, July 20th

0830 - 0845 Recap of FY2012 discussion

0845 - 1145 Written recommendations for FY2012 and Action Items
(with a quick break around 1015)
